DESCRIPTION OF GOODS:
AMMONIUM SULPHATE (NH₄)₂SO₄

We, Unex Trading GmbH, hereby confirm that product of AMMONIUM SULPHATE (NH₄)₂SO₄ in bulk meets following specifications:

Mass fraction of nitrogen in conversion to dry substance, %, not less than – 21

Mass fraction of water, %, not more than – 0.2

Mass fraction of free sulphuric acid, %, not more than – 0.03

Fraction composition:

mass content of granules sized more than 0,5 mm, %, not less than – 80

mass content of granules sized under 6 mm, % – 100

Friability, % – 100

Mass fraction of insoluble residue, %, not more than – 0,02

Appearance – white transparent crystals
